Technical data supplied by Snowy Hydro Limited, Cooma North.
Snow Depth readings were carried out at Snowy Hydro Limited sampling course located at Spencers Creek. There are seven sampling points situated at an elevation of 1,830 metres. The records do not relate to any one particular ski resort, but the course is situated between Perisher Valley and Charlotte Pass. Chart Copyright - South East Printing Cooma. Phone (02) 6452 2614.
